A horizontal row of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur colors vary, ranging from dark brown to light tan. Some bears have their mouths slightly open, showing their teeth. The background is a neutral, light gray.

A horizontal sequence of eight close-up portraits of brown bears. The bears exhibit a range of fur colors from dark brown to light tan. The first seven bears have lighter, more uniform fur, while the eighth bear on the right is significantly darker. The bears' expressions vary, with some looking directly at the camera and others slightly off-center. The background is a soft, out-of-focus green, suggesting a natural habitat.

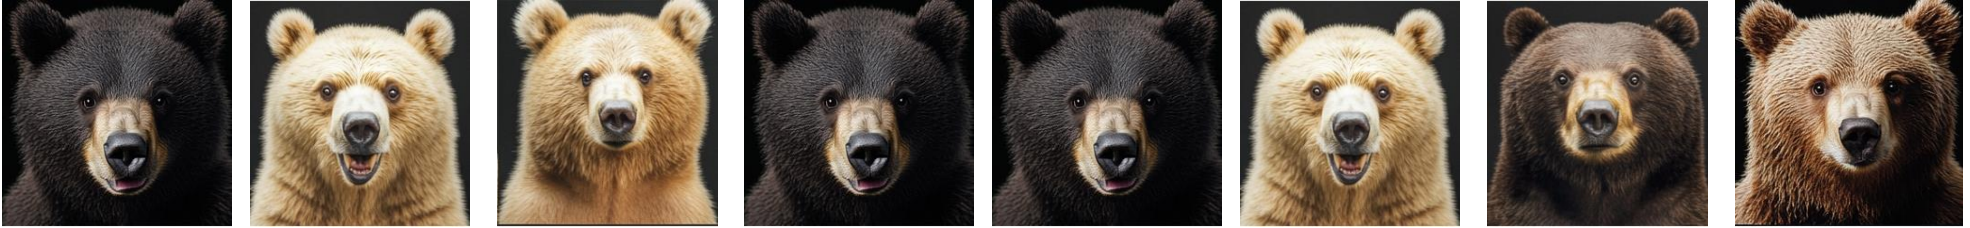

A horizontal sequence of eight close-up portraits of a brown bear's face. The bear's expression changes from a neutral, slightly open mouth to a wide, toothy grin, illustrating the concept of a 'smile' in a non-human context. The background is a dark, textured brown.

A horizontal sequence of eight close-up portraits of brown bears, showing a color gradient from dark brown to light brown. The bears are arranged in a row, each with a slightly different expression and fur texture, set against a black background.

A horizontal strip of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur is a mix of light and dark brown, with some individuals showing lighter patches on their chests or faces. The bears exhibit various expressions: some are looking directly at the camera with neutral or slightly open mouths, while others have their mouths wide open in a roar or yawn, revealing their teeth and tongues. The background is a soft, out-of-focus green, suggesting a natural habitat.

A horizontal strip of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur colors range from light tan to dark brown. Some bears have their mouths slightly open, showing their teeth and tongues. The background is a neutral, light brown color.

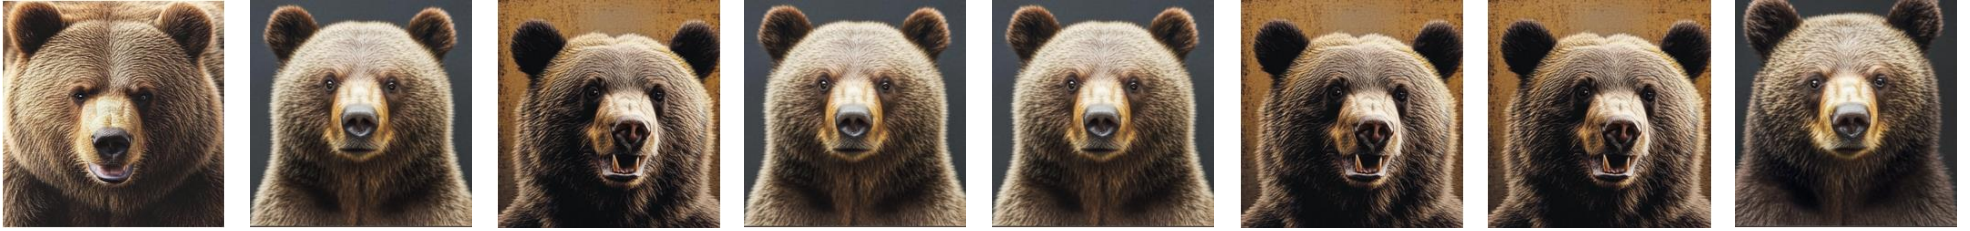

A horizontal strip of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur colors range from light tan to dark brown. The expressions vary slightly, with some looking directly at the camera and others looking slightly to the side. The background is a soft, out-of-focus green, suggesting a natural habitat.

A horizontal sequence of eight bear faces, each with a different fur color. From left to right, the colors transition from dark brown to light tan. The first two bears have dark brown fur and closed mouths. The next six bears have lighter fur (ranging from medium brown to light tan) and open mouths, showing their teeth. The background of each face is a neutral, textured gray.

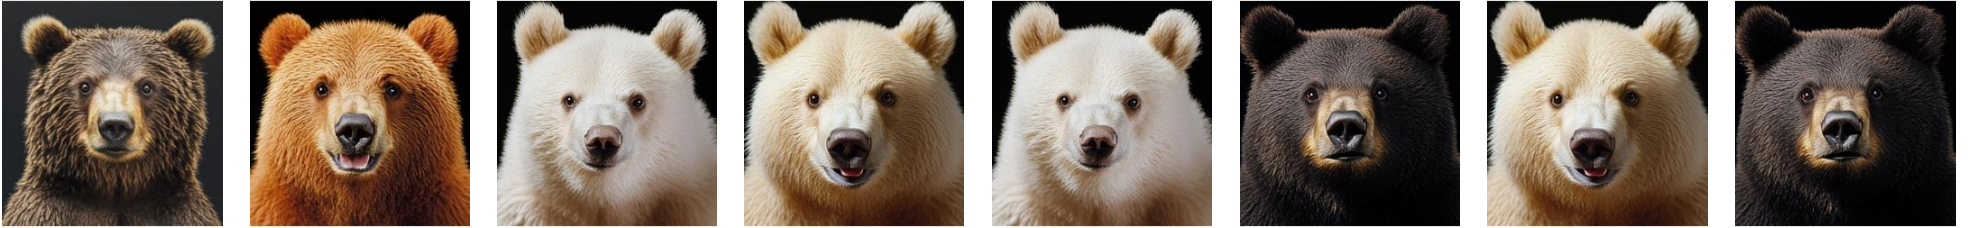

A horizontal strip of eight close-up portraits of brown bears. The bears exhibit various facial expressions, including neutral, smiling, and open-mouthed, illustrating the concept of facial expression recognition.

A horizontal sequence of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur is a mix of brown and tan colors. The first bear has its mouth slightly open, showing its tongue. The second bear has its mouth open, showing its teeth. The third bear has its mouth closed. The fourth bear has its mouth open, showing its teeth. The fifth bear has its mouth open, showing its tongue. The sixth bear has its mouth open, showing its tongue. The seventh bear has its mouth open, showing its tongue. The eighth bear has its mouth open, showing its teeth.

A horizontal sequence of eight bear faces, each with a different fur color. From left to right, the colors transition from black, through various shades of brown, to a light tan or cream color. The bears are all looking directly at the camera with a neutral expression.

A horizontal sequence of eight close-up portraits of brown bears, showing variations in fur texture and color. The bears are arranged in a row, each with a unique expression and fur pattern, ranging from light tan to dark brown.

A horizontal row of eight close-up portraits of bears, showing a variety of brown and black fur colors and expressions. The bears are arranged in a single row, each facing forward. The fur colors range from dark brown to light tan. Some bears have their mouths slightly open, showing their teeth. The background is dark and out of focus.

A horizontal row of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur colors range from light tan to dark brown. The first bear on the left has its mouth open, showing its teeth. The other bears have neutral expressions. The background is black for all portraits.

A horizontal sequence of eight close-up portraits of brown bears. The bears are shown from the chest up, facing forward. Their fur is a mix of light and dark brown. The expressions vary: some have neutral faces, some have slightly open mouths showing teeth or tongues, and one has its mouth wide open in a yawn or roar. The background is a soft, out-of-focus green, suggesting a natural habitat.

A horizontal sequence of eight close-up portraits of brown bears, showing a progression from a dark brown bear to a lighter brown bear. The bears are arranged in a row, each facing forward. The first bear on the left is dark brown with a light-colored muzzle. The second bear is slightly lighter. The third bear is a medium brown. The fourth bear is a lighter brown. The fifth bear is a light brown with its mouth open, showing its teeth. The sixth bear is a light brown with its mouth open. The seventh bear is a light brown with its mouth open. The eighth bear on the right is the lightest brown, with its mouth open, showing its teeth. The background is a neutral, light gray.

A horizontal row of eight bear faces, alternating between black and brown colors. From left to right: black bear with mouth open, brown bear, black bear, brown bear with mouth open, brown bear, black bear with mouth open, brown bear, and black bear.
